NAME OF PROVIDER OR SUPPLIER		STREET ADDRESS, CITY, STATE, ZIP CODE	
Aventura Rehab and Nursing Center		1800 N E 168th Street North Miami Beach, FL 33162	
For information on the nursing home's plan to correct this deficiency, please contact the nursing home or the state survey agency.			
(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES  (Each deficiency must be preceded by full regulatory or LSC identifying information)		
F 0583	Keep residents' personal and medical records private and confidential.		
Level of Harm - Minimal harm or potential for actual harm	48906		
Residents Affected - Few	Based on observations, interviews, and record review the facility failed to keep residents' health care information private on two out of four medication carts as evidenced by computer screens left open and unattended on the first-floor South medication cart and third floor medication cart with residents' information visible There were 77 residents resided in the facility at the time of survey.		
	The findings included:		
	On 09/18/24 at 10:26 AM the computer screen on the first south medication cart was left unattended with residents' health care information visible. The Surveyor signaled for Director of Nursing to approach. Staff A, Registered Nurse and Director of Nursing both approached the cart at the same time and were notified that screen was left open. At that time Staff A, Registered Nurse closed the screen. The Director of Nursing stated, Screens should not be left open and unattended.		
	On 9/19/24 at 10:56 AM, this Surveyor walked onto the third floor and observed Staff F, Licensed Practical Nurse speaking with a resident near the elevator; a medication cart was observed near the nursing station down the hallway with residents' information visible on the computer screen. (see photo) Staff F, Licensed Practical Nurse approached the cart and stated, I left to assist a resident and left the computer screen open.		
	Record review of Policy entitled, Protected Health Information (PHI), Safeguarding Electronic 2001 Revised January 2024 Policy Statement: Electronic protected health information (e-PHI) is safeguarded by administrative, technical and physical means to prevent unauthorized access to protected health information. Policy Interpretation and Implementation: 3. All business associates are required to comply with security standards established by our Business Associate Agreement relative to e-PHI.		

Any deficiency statement ending with an asterisk (\*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES  (Each deficiency must be preceded by full regulatory or LSC identifying information)			
F 0584	Honor the resident's right to a safe, clean, comfortable and homelike environment, including but not limited to receiving treatment and supports for daily living safely.  **NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** 48906  Based on observation, record review and interview, the facility failed to keep furniture in good repair for one Resident (Resident #60) out of six sampled and the ceiling in good repair on third floor as evidenced by a nightstand with a broken door and four ceiling tiles with water stains and active dripping water and failed to clean three out of three the lint traps in The Laundry room as evidenced by three lint traps observed filled with lint despite staff signed that it was cleaned. There were 77 residents residing in the facility at the time of survey.			
Level of Harm - Minimal harm or potential for actual harm				
Residents Affected - Few				
	The findings Included:			
	1) On 9/16/24 at 9:58 AM The nightstand in Resident #60's room had a broken door (photo evidence)  On 9/16/24 at 1:26 PM; the Assistant Director Of Nursing (ADON) stated: When I make rounds, and I see something that needs repair I notify maintenance personnel via text. Surveyor asked if the ADON was aware of the broken door on Resident #60's nightstand. The ADON replied, No.  On 9/16/24 at 1:26 PM The ADON checked Resident #60's nightstand with the surveyor and stated, I will inform maintenance now.			
	On 9/17/24 at 2:45 PM Nightstand door was repaired.			
Record review of demographic sheet for Resident #60 revealed an admitted [DATE] with Diagn included: Persistent Mood Disorder.			ed [DATE] with Diagnosis that	
	Record review of Quarterly Minimum Data Set (MDS) with reference date 7/30/2024 Section C (Cognitive Status) revealed a Brief Interview for Mental Status (BIMS) score of 9 on a scale of 0-15 indicating moderate cognitive impairment. Section GG (Functional status) revealed independent for eating and partial /moderate assistance for Chair/bed-to-chair transfer.			
	Record review of Care Plan initiated on 4/23/2024 for assistance with Activities of Daily Living (ADL) functions with a Goal of needs will be met by staff.			
	On 9/17/24 at 11:39 AM, while the surveyor was seated at the nursing station on the third-floor water was dripping from the ceiling tile. Four water stains were observed on the ceiling on the third floor. (photo evidence) The ADON was standing in the hallway and was made aware. The ADON then placed a Caution Wet Floor sign at site and placed a call to maintenance and housekeeping.			
	On 9/17/24 at 11:44 AM housekeeping staff arrived and mopped floor.  On 9/17/24 at 12:39 PM, these observations related to the leaks referred to the Life Safety Surveyor.			
On 9/19/24 at 1:00 PM further observation of the ceiling tiles on t			on of the ceiling tiles on third floor revealed dark stains. (photo)

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)		
F 0584  Level of Harm - Minimal harm or	On 9/19/24 at 1:05 PM during an observation of the third-floor ceiling the Maintenance Director stated, I was made aware of the leaking from the ceiling on the third floor and the tiles were changed. I am not sure why the tiles are now discolored. I will check and see if the tiles were replaced.		
potential for actual harm		•	
Residents Affected - Few	On 9/19/24 at 2:46 PM the Corporate Owner handed the surveyor two invoices for roof repairs dated 8/6/24 and 7/12/24 along with the phone number for Corporate Maintenance personnel; and stated: We have worked on repairs after being made aware of water leaks.		
	On 9/19/24 at 1:36 PM, the Corporate Maintenance Director (via telephone) stated: I changed two of the ceiling tiles on the third floor.		
	On 9/19/24 after QAPI meeting when asked for any policy pertaining to furniture and ceiling in good repair. The Nursing Home Administrator stated, There is no policy about furniture or roof and there was a Performance Improvement Plan (PIP) in place, and she forgot to mention that during the QAPI meeting.		
	PIP dated 7/10/24 reviewed by team was determined insufficient.		
	2)On 9/19/24 at 10:12 AM a tour of the Laundry room was done with the Housekeeping Director. Upon entering the clean room there were three dryers. The Lint Log was signed every two hours and last signed on 9/19/2024 at 10:00 AM. All three lint traps were filled with lint. (see photo)		
	On 9/19/2024 at 10:25 AM Staff G, Laundry aide stated, I signed before cleaning the lint trap. I last cleaned the lint traps at 8:00 AM. I sign before I clean so I don't forget to sign. I was going to sign but got distracted when I heard you all come in.		
	On 9/19/2024 at 10:38 AM The Housekeeping Director stated, Staff are supposed to be cleaning lint trap every two hours and sign after it is cleaned. I check the lint traps each afternoon to make sure they are clean for fire prevention.  Record review of Policy entitled, Departmental (Environmental Services)-Laundry and Linen 2001 Revised January 2024 Level I Purpose: The purpose of this procedure is to provide a process for the safe and aseptic handling, washing and storage of linen. General Guidelines: 12. Lint trap cleaning of dryers should be performed every one to two hours and the frequency should be documented on a log on a daily basis.
