STATEMENT OF DEFICIENCIES AND PLAN OF CORRECTION	(X1) PROVIDER/SUPPLIER/CLIA IDENTIFICATION NUMBER: 145624	(X2) MULTIPLE CONSTRUCTION A. Building B. Wing	(X3) DATE SURVEY COMPLETED 03/11/2025
NAME OF PROVIDER OR SUPPLIER Axiom Gardens of Flora		STREET ADDRESS, CITY, STATE, ZIP CODE 701 Shadwell Avenue Flora, IL 62839	
For information on the nursing home's plan to correct this deficiency, please contact the nursing home or the state survey agency.			
(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)		
F 0550 Level of Harm - Minimal harm or potential for actual harm Residents Affected - Few	<p>Honor the resident's right to a dignified existence, self-determination, communication, and to exercise his or her rights.</p> <p>**NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** 36384</p> <p>Based on observation and interview the facility failed to ensure residents were served meals in a manner which promoted dignity with meal service for 1 of 17 (R35) residents reviewed for dignity in a sample of 66.</p> <p>Findings Include:</p> <p>R35's admission profile documents an admitted [DATE]. R35's admission MDS (Minimum Data Set) dated 1/20/25 Section C documents a BIMS (Brief Interview of Mental Status) score of 15, indicating that R35 is cognitively intact.</p> <p>On 3/4/25 at 12:45 PM, R35 was observed in the dining room waiting on her lunch tray to be served. R35 was sitting at a table with R62. At this time R62 was eating her meal and R35 stated, This happens all the time, she gets her food and I have to wait.</p> <p>On 3/4/25 at 1:15 PM, R62 was observed leaving the dining room after she finished her meal and R35 was still waiting on her meal to be served. At that time R35 stated, I have asked them where my food is, and they said it is coming. I don't know why we can't be served at the same time.</p> <p>On 3/5/25 and 3/6/25 these same lunch time meal observations were made where R62 would get served her meal and finish eating prior to R35 being served her meal.</p> <p>On 3/7/25 at 1:30 PM, V4 (Dietary Manager) stated that all residents have an assigned seating system in the dining room. This is how the kitchen then orders the tray cards to serve table by table. V4 stated he hasn't updated the tray cards yet with the newer admissions to the facility. V4 stated that this is the reason R35 and R62 are not being served at the same time.</p>		

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)		
<p>F 0584</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Some</p>	<p>On 3/4/25 at 9:20 AM, R62 and R165 were observed in their room as they are roommates. R62 and R165 were both alert to person, place, and time. At this time, R165 stated that this was her second wheelchair since she was admitted and it still won't go. R165 stated, The first one was worse, but this chair isn't any better. R165 went on to state that when she voiced her concerns about this one, she was told they will maybe have to order some new chairs. R165's chair was observed to be missing a right arm rest and the seat was worn with tears in the material all along the portion where R165's legs rest. R165 stated that she was in here after she suffered a stroke and is needing rehabilitation, but she cannot propel herself in this wheelchair and that is an issue for her as she needs to do things for herself. R62 stated that she has not had an arm rest on her chair since admit. It was observed that R62's right arm rest was missing, and a screw was sticking up where R62's would have to lay her arm. R62 stated that while she hasn't scratched her arm yet, she is worried that it will happen with that screw there.</p> <p>On 3/4/25 at 12:30 PM, V1 (Administrator) was notified by surveyor during the lunch meal regarding R62 and R165's wheelchair concerns. V1 stated at this time that she would have maintenance look into finding new arm rests and checking to see if they have a different wheelchair for R165 immediately. V1 stated that they will check on other residents' wheelchairs to ensure they are in good condition as well.</p> <p>3. R27 's admission profile sheet documents an admitted [DATE]. This document includes the following diagnosis: generalized anxiety disorder, Chronic Obstructive Pulmonary Disease, and Congestive Heart Failure.</p> <p>On 3/4/25 at 12:15 PM, R27's wheelchair was observed in the dining room to have a large chunk of the right arm rest missing.</p>

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)		
<p>F 0692</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>R27's care plan has a focus area of: The resident has nutritional problem or potential nutritional problem. The goal is: the resident will comply with recommended diet for weight reduction daily through review date. Interventions for this focus area include explain and reinforce to the resident the importance of maintaining the diet ordered. Encourage the resident to comply. Explain the consequences of refusal, obesity/malnutrition risk factors.</p> <p>R27's weights are as follows: 1/1/25 204.6 pounds, 2/3/2025 202.0 pounds, 3/3/2025 184.2 pounds and a reweigh requested by surveyor on 3/6/2025 of 189.4 pounds. There is a 6.23% weight loss in one month from 2/3/25 to 3/6/25.</p> <p>On 3/5/2025 at 2:20 PM, when V16 (Registered Nurse/RN) was questioned why the R27's weight loss was not communicated to the Dietitian or Physician she stated that she is unsure why R27's weight was put in by V23 (Resident Care Aide) on 3/3/25 instead of V4 (Dietary Manager). V23 did not communicate this weight loss to any kitchen or nursing staff, so no one was aware the weight loss occurred.</p> <p>On 3/6/2025 at 1:30 PM, V16 stated that R27's weight was 189.4 pounds which showed a weight loss, so the Registered Dietitian was notified, and a supplement was ordered with meals.</p> <p>A Weights policy with a revision date of 10/17/18 documents 3. a re-weight should be obtained if there is a difference of 5 pounds or greater (loss or gain) since previous recorded weight. 4. A re weight should be taken as soon as possible after an unanticipated weight change is noted and prior to calling the physician .6. Undesired or unanticipated weigh gains/loss of 5% in 30 days, 7.5% in three months, or 10% in six months shall be reported to the physician, Dietician and/or Dietary Manager as appropriate</p> <p>3. R44's admission record documents an admitted [DATE]. This same document includes the following diagnosis: depression, constipation, and congestive heart failure.</p> <p>R44's care plan has a focus area of having a nutritional problem or a potential for a nutritional problem. The goal is that the resident will comply with recommended diet for weight reduction daily through review date. Interventions for this problem area include, provide, and serve supplements as ordered.</p> <p>R44's Medication Administration Record for March 2025 documents R44 is to have, Fortified pudding one time a day due to weight loss in the afternoon for weight loss. Start date 3/1/24.</p> <p>R44's diet card has a diet order of regular diet, thin liquids, and fortified pudding at meals.</p> <p>R44's Significant Change MDS (Minimum Data Set) dated 2/20/2025 Section C has a Brief Interview of Mental Status (BIMS) of 15, indicating that she is cognitively intact.</p> <p>On 3/4/2025 R44 had her lunch tray delivered to her room at 1:15 PM, and there was no fortified pudding on her tray.</p> <p>On 3/7/2025 R44 had her lunch tray delivered to her room at 1:00 PM, and no fortified pudding was provided on her lunch tray. At this time, R44 stated that she gets the pudding every now and again, but not regularly with meals.</p> <p>(continued on next page)</p>

<p>F 0712</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Many</p>	<p>Ensure that the resident and his/her doctor meet face-to-face at all required visits.</p> <p>49714</p> <p>Based on interview and record review, the facility failed to ensure the Physician visited and examined residents at least once every 30 days for the first 90 days after admission or at least once every 60 days thereafter for 64 (R57, R30, R39, R43, R56, R40, R266, R52, R54, R267, R6, R8, R38, R47, R35, R50, R4, R2, R51, R33, R10, R12, R62, R29, R19, R7, R59, R36, R3, R53, R18, R55, R27, R34, R16, R17, R165, R14, R28, R9, R46, R13, R61, R48, R31, R21, R22, R60, R268, R32, R49, R269, R23, R1, R58, R45, R24, R26, R270, R5, R41, R42, R15, and R25) reviewed for physician services in the sample of 66.</p> <p>Findings Include:</p> <p>A Medical Professionals list provided by the facility dated 3/7/25 documents 64 residents including R57, R30, R39, R43, R56, R40, R266, R52, R54, R267, R6, R8, R38, R47, R35, R50, R4, R2, R51, R33, R10, R12, R62, R29, R19, R7, R59, R36, R3, R53, R18, R55, R27, R34, R16, R17, R165, R14, R28, R9, R46, R13, R61, R48, R31, R21, R22, R60, R268, R32, R49, R269, R23, R1, R58, R45, R24, R26, R270, R5, R41, R42, R15, and R25 have V17 (Medical Director/Physician) listed as their medical doctor.</p> <p>On 03/07/2025 at 10:15 A.M. R34 stated he has never seen V17 in the facility. R34 stated he always gets seen by the nurse practitioner that is working with V17. R34's MDS (Minimum Data Set) dated 2/10/25 documents that R34 had a BIMS (Brief Interview for Mental Status) score of 15 indication R34 is cognitively intact.</p> <p>On 03/07/2025 at 8:40 A.M. V1 (Administrator) stated that V17 only comes to the building once every three months to complete the quality assurance meeting. V1 stated that he does not see the residents. V1 stated that the Nurse Practitioner is the only one who comes into the building to see the residents. V1 stated she is not sure why V17 only comes to QAPI and not rounding on the residents.</p> <p>On 03/07/2025 at 9:40 A.M. V2 (Registered Nurse/Director of Nursing) stated that V17 has not been to the facility to provide resident visits to any resident. V2 stated that the nurse practitioner was coming once a week to see the residents. V2 stated that she resigned a week or so ago and now there is a new nurse practitioner that is completing tele health visits for residents until the company can find a nurse practitioner to come to the facility. V2 stated that facility utilizes an app to message the nurse practitioner during the day. V2 stated that after hours there is an answering service that the facility has had no problems with. V2 stated she has never had an issue with after hours or the nurse practitioner. V2 stated she was unaware that there was a regulation that required the physician to see the resident. V2 stated she believes that V17 sees 64 of the residents in the facility.</p> <p>(continued on next page)</p>

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (Each deficiency must be preceded by full regulatory or LSC identifying information)		
<p>F 0725</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Many</p>	<p>Provide enough nursing staff every day to meet the needs of every resident; and have a licensed nurse in charge on each shift.</p> <p>**NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** 49714</p> <p>Based on interview, observation, and record review, the facility failed to ensure sufficient staff were scheduled/available to provide timely care to meet residents' needs. This failure has the potential to affect all 68 residents residing in the facility.</p> <p>Findings Include:</p> <p>The Long-Term Care Facility Application for Medicare & Medicaid (Form CMS-671) dated 3/4/25 documents there are currently 68 residents living in the facility.</p> <p>1. R23's Admission Record documented R23 was admitted to the facility on [DATE]. Diagnoses listed are type two diabetes mellitus, unspecified asthma, supraventricular tachycardia, calculus of gallbladder, epilepsy, thyrotoxicosis, personality disorder, obstructive sleep apnea, hypokalemia, anxiety, depression, and anemia. R23's Minimum Data Set (MDS) dated [DATE] documented a Brief Interview for Mental Status (BIMS) of 15 indicating R23 is cognitively intact. Section GG of R23's MDS documented that R23 required partial to moderate assistance for transfers and showering.</p> <p>R23's Care plan has a focus area of self-care deficit with a date of 12/30/2024. Interventions listed Provide assistance with ADL (activities of daily living) as needed.</p> <p>On 3/5/2025 at 10:35 AM, R23 stated, they do not have a nurse on her hall because they are considered the independent hall. R23 stated, it does take staff a long time to answer the call lights because they have to come from the closed unit. R23 stated, sometimes she will have to go find a nurse if a call light on her hall does not get answered soon.</p> <p>2. R34's Admission Record documented R34 was admitted to the facility on [DATE]. Diagnoses listed are chronic obstructive pulmonary disease, type two diabetes mellitus, morbid obesity, anemia, aortic aneurysm of unspecified site, chronic kidney disease, essential hypertension, and acute on chronic diastolic heart failure. R34's MDS dated [DATE], documented a BIMS of 15 indicating R34 is cognitively intact. Section GG of R34's MDS documented that R34 is dependent for showering, lower body dressing and putting on/off footwear. R34 requires substantial/maximal assistance for oral hygiene, upper body dressing and personal hygiene. Section GG documents that R34 is dependent for transfers and utilizes a mechanical lift.</p> <p>On 03/05/25 09:47 AM, R34 stated that there are times he has to wait over 30 minutes to get his call light answered. R34 stated that sometimes it all depends on who is working. R34 stated it is a big problem on night shift because they have less staff and usually only one nurse. R34 stated that staff that are working work really hard but can only do so much.</p> <p>(continued on next page)</p>

<p>F 0725</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Many</p>	<p>On 03/06/2025 at 8:21 A.M. V2 (Director of Nursing) stated that she is the one who completes the schedules for the nurses and certified nurse assistant. V2 stated she tries to have 5 to 6 certified nurse assistants (CNA) counting the unit aide. V2 stated that the staff break down for day shift is one certified nurse assistant and one unit aide for the locked dementia unit. V2 stated that there is a nurse on the unit from 8 a.m. to 4:30 p.m. Monday through Friday but on the weekends, they may only have a nurse for four hours during the day for the locked dementia unit. V2 stated that she tries to have 3 to 4 certified nurse assistants on the women's and men's hall. V2 stated that there are days on the schedule there are only three. V2 stated that the certified nurse assistants work 12 hours usually but there is one on day shift that works from 8 a.m. to 3:30 p.m. V2 stated that on the days that the 8 hour shift certified nurse assistant works, no one comes in after she leaves at 3:30 P.M. V2 stated that on night shift she schedules four certified nurse assistants to work for the entire building. V2 stated that on the bottom of the schedule the line that says need is the shifts that need picked where they are short. V2 stated that herself or V12 (Registered Nurse) will cover any shift that is not covered. V2 stated that the facility utilizes an agency to help cover shifts that are not able to be covered by facility staff. V2 stated that she schedules 2 nurses for the women's and men's hall and has a nurse who covers the unit from 8 a.m. until 4:30 P.M. Monday through Friday. V2 stated that after 4:30 P.M. the other nurses will pick up any care that needs to be given on the unit. V2 stated that if they cannot get another nurse to pick up the weekend shifts on the unit then the nurses who cover the other units cover that area too. V2 stated that on night shift she would like to have two full time nurses but right now they just have one who works most. V2 stated that they will have a nurse come in from 6 p.m. until 10 p.m. to help with medication pass. V2 stated that there are a few nights on the schedule that there are two nurses who work the full twelve-hour shifts. V2 stated they are trying to hire more nurses for night shift, so they always have two. V2 stated the facility is utilizing agency to help cover the cna shifts that are open.</p> <p>On 03/06/2025 at 9:53 P.M. V10 (Registered Nurse) stated that the facility struggles with staffing at times just like every long-term care facility that she has worked at. V10 stated that she assists with care on the unit. V10 stated that the nurses help the certified nurse assistants provide care to the residents. V10 stated that it is worse when they have call ins and can't get them covered.</p> <p>On 03/06/2025 at 1:22 P.M. V14 (CNA) stated they have enough staff today. V14 stated that having the number of staff they do today is not typically. V14 stated that they have had short staff issues for a while now. V14 stated there have been some staff quit and the facility hasn't been able to replace them.</p> <p>On 03/04/2025 at 9:30 A.M. during facility tour, the time clock was observed to have 5 sheets of white paper hanging by it. The top sheet of papers was dated 02/25/2025 and documented March Nurse Needs: sign below if you are able to help cover any of these shifts. There were 15 dates listed and no staff had signed next to them. The other papers hanging at the time clock were dated 02/25/2025 and documented March CNA Needs: Sign below if you are able to help cover any of these shifts. There were 13 shifts available for day shift and there were 60 shifts available for night shift.</p> <p>(continued on next page)</p>

<p>F 0755</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>Provide pharmaceutical services to meet the needs of each resident and employ or obtain the services of a licensed pharmacist.</p> <p>**NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** 49714</p> <p>Based on interview, observation, and record review the facility failed to maintain accurate records of narcotics for 1 (R15) of 6 residents reviewed for controlled substance medication in the sample of 66.</p> <p>Findings Include:</p> <p>R15's Admission Record documented R15 is a [AGE] year-old with an initial admitted [DATE] to the facility. Diagnoses listed are displaced oblique fracture of right femur, multiple sclerosis, morbid obesity, symptomatic epilepsy, anemia, hyperlipidemia, chronic systolic heart failure, dementia, gastro - esophageal reflux disease, and essential hypertension.</p> <p>R15's order summary printed on March 7, 2025, does not document an order for oxycodone.</p> <p>On 03/06/2025 at 9:46 A.M. Medication cart was reviewed for east south hall with V6 (Registered Nurse). Upon doing a narcotic count there was an orange pill bottle with R15's information typed on the label found in the back of the narcotic box of the medication cart. The lid on the bottle was taped shut and the number 20 was written on the top along with the date of 01/16/2025. There was no narcotic sheet in the narcotic binder to count the narcotics on.</p> <p>On 03/06/2025 at 9:46 A.M. V6 stated the bottle of oxycodone in the narcotic box for R15 should have a count sheet and the nurses should be counting the pills every shift. V6 stated that she is not sure why there is no narcotic sheet to count the pills. V6 stated she thinks the medication should have been destroyed or sent home with the R15's family and not just left in the medication cart.</p> <p>On 03/06/2025 at 10:10 A.M. V6 stated her and V2 (Director of Nursing) destroyed the oxycodone.</p> <p>On 03/06/2025 at 10:26 A.M. V2 (Director of Nursing) stated it is her expectation for all narcotics to have a count sheet for all narcotics in the locked medication cart. V2 stated that all medications once they are discontinued should be discarded. V2 stated that it is her expectation for staff to not leave narcotics in the cart not accounted for.</p> <p>On 03/06/2025 at 4:07 P.M. V2 stated that R15 never had an order for the oxycodone. V2 stated that when R15 was admitted her family brought in home medications. V2 stated that the medication should have been sent home with the family as soon as the staff realized that there was not an order for it.</p> <p>Facility policy titled Narcotic Controlled Substances - Counting with a revision date of 11/26/2017. Section titled Purpose: 1. To count controlled substances with a partner to verify the accuracy of the log sheets.</p>

<p>F 0761</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>Ensure drugs and biologicals used in the facility are labeled in accordance with currently accepted professional principles; and all drugs and biologicals must be stored in locked compartments, separately locked, compartments for controlled drugs.</p> <p>49714</p> <p>Based on observation, interview, and record review the facility failed to ensure medications were securely stored for 1 (R28) of 6 residents reviewed for medication storage in the sample of 66.</p> <p>Findings include:</p> <p>R28's Admission Record documented R28 with an initial admitted to the facility of 04/06/2021. Diagnoses listed include type 2 diabetes mellitus, fracture of unspecified part of neck of right femur, nontraumatic subdural hemorrhage, schizoaffective disorder, chronic kidney disease stage 3, major depressive disorder, obstructive sleep apnea, epilepsy, dementia, cognitive communication deficit, chronic systolic heart failure, and essential hypertension.</p> <p>R28's Physician Order dated 01/04/2025 documented an order for Lorazepam (Ativan) oral concentrate 2 milligrams/milliliter. Give 1 milliliter by mouth every 12 hours as needed for anxiety for 5 days.</p> <p>On 03/04/2025 at 10:15 A.M. observed medication room with V2 (Director of Nursing). There was no lock on the medication refrigerator. V2 stated they had to change the refrigerator out because it was not keeping the right temperature. Upon review of medication refrigerator there was a bottle of Lorazepam concentrate in it with R28's name on the label. V2 stated that V5 (Maintenance Director) will be in today to add a lock to it as it has Ativan in it, and it is not locked.</p> <p>On 03/04/2025 at 2:10 P.M. V2 stated that V5 put the lock on the fridge. V2 stated that the refrigerator in the medication room was changed out one day last week, and the lock was never put on the new one.</p> <p>On 03/05/25 at 09:25 AM the medication refrigerator in the medication room was observed to not have a lock on it. V2 stated that the medication refrigerator had to be changed out again last night. V2 stated that the lock should have been changed on the refrigerator.</p> <p>On 03/05/2025 at 9:30 A.M. V6 (Registered Nurse) stated she didn't know there was supposed to be a lock on it. V6 stated that there was not a lock on the refrigerator when she arrived at work on 03/05/2025.</p> <p>On 03/05/2025 at 10:00 A.M. V2 stated that it is her expectation that the medication refrigerator in the medication room be locked.</p> <p>Facility policy titled Medication Policy with a revision date of 07/02/2019, documented under Purpose: to ensure proper storage, labeling and expiration dates of medications, biological's, syringes, and needles. 12. Controlled Substance Storage: .12.2 After receiving controlled substances and adding to inventory, facility should ensure that Schedule II-V controlled substances are immediately placed into a secured storage area (i.e., a safe, self-locked cabinet, or locked room, in all cases in accordance with Applicable law) and double locked.</p>

<p>F 0808</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>Ensure therapeutic diets are prescribed by the attending physician and may be delegated to a registered or licensed dietitian, to the extent allowed by State law.</p> <p>**NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** 36384</p> <p>Based on observation, interview, and record review the facility failed to provide therapeutic diets as ordered for 1 of 17 (R9) residents reviewed for therapeutic diets in a sample of 66.</p> <p>The Findings Include:</p> <p>1. R9's admission record documents an admitted [DATE]. This same document includes the following diagnosis: unspecified severe dementia, depression, hypertension, and Type 2 Diabetes Mellitus.</p> <p>R9's current diet order on his diet card is listed as regular diet, nectar thickened liquids with notes to have small spoons with food to facilitate reduced bite size and rate of intake. Set up assist to cut up foods into bite size pieces. Plate guard used to help load utensils.</p> <p>R9's Medication Administrator Record for March 2025 documented R9 was to receive, Regular diet Regular texture, Nectar/Mildly thick consistency, small spoons with food to facilitate reduced bite size and rate of intake. Set up assist to cut up foods into bits size pieces. Plate guard used to help load utensils.</p> <p>R9's MDS (Minimum Data Set) dated 2/24/2025 Section K documents that R9 has a coughing or choking during meals or when swallowing medications. This same section documents that he is on a mechanically altered diet with a therapeutic diet ordered.</p> <p>R9's care plan has a focus area of having a nutritional problem or potential for a nutritional problem. The goal is that the resident will comply with recommended diet for weight reduction daily through review date of 5/29/2025. The intervention for this problem area as follows: explain and reinforce diet to the resident on the importance of maintaining the diet ordered. Encourage the resident to comply. Explain consequences of refusal and to provide and serve diet as ordered.</p> <p>On 3/4/2025 beginning at 12:35 P.M. continuous observation was made of R9 during lunch, during that time R9 was unable to scoop food onto spoon. R9 continued dropping food on table and hands. R9 put meatballs on spoon with is hand and used both hands to put food in his mouth. The meatballs were noted to by approximately 1 inch by 1 inch in size. Food was on the plate where the opening from the plate guard was and was noted to be spilling on the table. R9 quit eating food on plate and switched to eating apples in the cup. R9 attempted to eat a meat ball again by using both hands to put it in his mouth. At 12:47 P.M. R9 took a drink of his liquids in his cup with lids. When R9 was done eating food was all over his lap. The meal card on R9's tray documented that the lunch meal for 3/4/2025 was Swedish Meatballs, Mashed Potatoes, Capri Blend Vegetables, Baked Apples and Bread and Butter. R9's meatballs were cut in half.</p> <p>On 3/5/2025 the planned lunch meal was chicken cordon bleu casserole, buttered peas, dinner roll/margarine, and orange sherbet per R9's meal ticket. During the lunch meal on 3/5/2025 at 12:30 PM, R9 was served his tray with the chicken cordon blue ham pieces measuring approximately 3 inches by 3 inches and the chicken was not ground but approximately 2 inch by 2 inch pieces of chicken.</p> <p>(continued on next page)</p>

<p>F 0808</p> <p>Level of Harm - Minimal harm or potential for actual harm</p> <p>Residents Affected - Few</p>	<p>On 03/05/2025 at 12:45 PM, while in the Dining Room watching over R9, V1 (Administrator) stated she is not sure why R9 must have food cut up in bite size pieces. When asked if she thought the ham on the plate looked like bite size, V1 smiled and wouldn't answer.</p> <p>On 03/05/2025 at 12:47 PM, V4 (Dietary Manager) stated the lunch meal on 3/5/2025 was cooked according to the recipe and it is served how it should have been. V4 stated the recipe did not call for the ham to be cut into a certain size piece. V4 had the recipe in hand and stated the chicken is supposed to be 1/2 inch diced and the ham is supposed to be chopped. V4 stated that the staff who delivered the lunch tray on 3/5/2025 should have cut anything smaller that did not appear to be bite sized.</p> <p>On 03/06/2025 at 1:40 P.M. V15 (Speech Language Pathologist) stated that R9 is an impulsive eater and was not taking appropriate size bites during meals. V15 stated that a bite size piece should be a half an inch square. V15 stated that she educated the staff that were present that day about cutting up bite size pieces but there was no in service form completed. V15 stated that dietary will receive a sheet with the information on it. V15 stated the sheet did not specifically say what size bite size is. V15 stated that the ham in the chicken cordon bleu casserole on 3/5/25 was larger than she would have cut it.</p> <p>The facility recipe for the Chicken Cordon Bleu Casserole includes the following ingredients: pasta egg noodles, cooked boneless skinless chicken breast, ham chopped, Swiss cheese slices, cream of chicken soup, milk, sour cream, margarine, breadcrumbs and parmesan cheese.</p>
