F 0806 Level of Harm - Minimal harm or potential for actual harm Residents Affected - Some	During an interview on 09/06/24 at 12:15 p.m., the Certified Dietary Manager (CDM) indicated she had no information regarding who selected the meals for the residents on the dementia unit. It could be the family, the resident themselves might have chosen, or the staff who knew what the resident liked might have chosen for them. The facility did not interview the residents and/or their families about their food likes and dislikes. During an interview on 9/9/24 at 1:26 p.m., the Administrator indicated the facility's select menu system did			
	not indicate who made the selections for the residents selected meal ticket. The facility of add not interview residents and/or their families about food likes/dislikes or food preferences. The select menu was supposed to identify the likes and dislikes. The select menu system did not identify who made the selections for the resident nor when the selection were made. During an interview on 9/9/24 at 1:49 p.m., RD 6 indicated the facility's system did not indicate who made the selections on the resident select menu. Their was no system to ensure residents who could not make their			
	wants and needs known had their likes and dislikes honored. There was not a system for ensure alternatives were offered to residents with dementia. A current facility policy titled Resident Food Preference, dated 7/2017 and provided by Administrator on 9/9/24 at 4:05 p.m., indicated the following:			
	.Individual food preferences will be assessed upon admission and communicated to the interdisciplinary team .			
	Upon the resident's admission (or within twenty- four (24) hours after his/her admission) the Dietitian or nursing staff will identify a resident's food preference.			
	When possible staff will interview history and life patterns related to f	v the resident directly to determine currood and mealtimes	rent food preferences based on	
	A current facility policy titled Meal S a.m., indicated the following:	Service, dated 2012 and provided by the	ne Administrator on 9/10/24 at 11:10	
	.Policy: The Dining Services Department strives to meet the preferences of residents. Substitutions are available to individual residents as listed on the planned menu and through a standard stock to substation alternatives
