

# Need general information about Medicare?

Go online to get information you need.

[Medicare.gov](https://www.medicare.gov)

- Learn what Medicare covers.
- Compare your coverage options and get detailed information about Medicare health and drug plans.
- Find doctors or other health care providers and suppliers who participate in Medicare.
- Review Medicare costs and how to get help paying them.
- Find and compare nursing homes, hospitals, home health agencies, and more.
- Get Medicare appeals information and forms.
- Learn how to get started if you're new to Medicare.

# Need personalized Medicare information?

Log into (or create) your secure Medicare account to get information you need.

## Medicare.gov account

- Save a list of your current drugs to help you better compare health and drug plans in your area.
- Sign up to go paperless. You can get your yearly “Medicare & You” handbook and claims statements (called “Medicare Summary Notices”) electronically.
- View your Original Medicare claims as soon as they’re processed.
- Print a copy of your official Medicare card.
- See a list of preventive services you can get with Original Medicare.
- Learn about your Medicare premiums, and pay them online if you get a bill from Medicare.
